Ajit Nayak

Scrum Master | SAFe® 6.0 & PSM Certified | QA & Web Security
Expert | Driving Agile Innovation | AI-Powered Test Automation &
Data Analysis | Building Secure, Scalable Teams
Hyderabad, Telangana, India

Summary

Agile Strategist | Web Security Evangelist | AI-Driven QA Leader

I'm Ajit Nayak, a Certified SAFe 6.0 Advanced Scrum Master and QA Lead with over a decade of experience helping global teams deliver secure, high-performing digital solutions. At Broadridge Financial Solutions, I lead Agile delivery and quality strategy, ensuring speed, compliance, and precision.

What I do best:

Lead high-performing Agile teams that consistently exceed sprint goals

Implement AI-driven test automation and process improvements

Solve critical web security gaps — achieving zero-breach releases

Foster a culture of continuous improvement and ownership

From introducing cost-saving tools like BrowserStack to ensuring GDPR/CCPA compliance, I bridge Agile principles with modern QA practices and cutting-edge automation.

Open to India-wide & remote roles in Scrum Mastery, QA Strategy, or Agile Enablement — let's connect if you're looking for someone to scale secure delivery, empower teams, and transform workflows.

Experience

Broadridge India

Technology Lead

April 2015 - Present (11 years 2 months)

Hyderabad, Telangana, India

Facilitated Agile ceremonies, backlog grooming, sprint planning, and retrospectives across cross-functional teams.

Delivered zero-breach product releases by addressing critical security vulnerabilities and aligning systems with global standards (GDPR, CCPA).

Drove a 30% increase in test efficiency through BrowserStack integration, AI-driven automation, and secure DevOps practices.

Spearheaded implementation of Jira, Confluence, and QA dashboards to improve transparency and velocity tracking.

Mentored teams in Agile practices, enhancing team ownership and delivery consistency.

Successfully implemented cookie banners for multi-region compliance, improving data collection rates by 35%.
